Product characteristics

NEW IN 2026 THE ECO-BLOCK

The product contain recycled materials

RECYCLED

The product is recyclable (all or part)

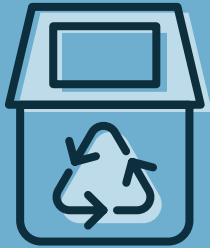

RECYCLABLE

OUR COMMITMENTS

Aware of today's societal challenges and true to our values, we seek to give greater meaning to our commercial approach. That is why we integrate **a concrete commitment to the United Nations Sustainable Development Goals into each of our actions**. We focus our efforts on the goals that are directly linked to the challenges of our business.

WASTE VALORISATION

We work to reduce our waste production despite the growth of our business activity.

78% of our waste are recycled

-20% cardboard waste generated in 1 year

OUR EMPLOYEES

82% of our employees are on permanent contracts

11% of our workforce are apprentices. Training young people in the region is a strong value.

CUSTOMER SATISFACTION

Since 2024, we have been proud to be ISO 9001 certified, a globally recognised quality management standard.

This certification reflects our desire to improve our performance, meet our customers' expectations and demonstrates our commitment to quality.

RECYCLABILITY OF PRODUCTS

40% References are recyclable at over 95%

24% of our products contain recycled materials

**NEW IN 2026
THE ECO-BLOCK**

Find this information on each product page.

SUSTAINABLE ECONOMY

We are committed to build relationships of trust with both our customers and our suppliers. Mindful of our commitments in the region, we prioritise working with local service providers.

26% of our products are made in France

Quality of selected materials and French know-how

VERSATILE
Multiple possible positions

Already used by numerous European and French professional clubs and federations as well.

Easy transport

WEIGHT	LENGTH	WIDTH	HEIGHT
23 kg	180 cm	34 cm	50 cm

«L'Originale» The tried-and-tested soccer rebound board reproduces the natural qualities of a pass or a shot due to its weighted base, its balance and its durable components.

The rebound board offers unlimited possibilities for your passing & sequence exercises, kickbacks and shots. On your own or in a group, it can be used as a one-two lane, a shooting target, a relay or even as a mini-goal. Fun and easy, it is also appreciated by the youngest in the conception of circuits. Highly-resistant and ultra-durable materials, the components have been all selected for their reliability and high responsiveness.

Specific attention has been paid to the long-term flatness of the contact surface and the quality of the rebound. In addition, the distribution of the ballast weight gives excellent stability and perfect balance even under the most powerful shots.

Founded in the 1980s, DIGI SPORT Instruments specialises in designing and manufacturing sports measurement equipment for athletics, swimming, basketball, water polo, football and many other sports. As a major supplier in professional timekeeping in France and Europe, **DIGI SPORT Instruments** is known for its reliability and robustness. Taken over in 2022, **SPORTIFRANCE** will continue to develop both stopwatch ranges: «Pro» and «Eco».

PRO RANGE:

The favorite brand for pros. Products that have already made a difference on all tracks for years.

ÉCO RANGE: **SPORTi**

Efficient and sturdy dedicated to schools and occasional use.

New Sportifrance own brand!

SportBeeper

A benchmark in the field of coaching and physical conditioning, SportBeeper has been equipping professionals and amateurs for over 20 years. Designed in France using short supply chains, it is a tool that combines expertise with eco-responsibility.

What is it?

It is a tool designed to ensure sequential and audible control of exercises or tests. It helps manage time, pace, and training phases, freeing the coach from timekeeping and whistle blowing.

To do what?

Conduct tests, follow a pace, respect precise timings (intervals or repetitions), link sets together, and structure training sessions.

Who is it for?

Teachers, coaches, fitness practitioners, runners.

Examples of possible tests:

VAM-EVAL (Cazorla) / Shuttle run (Leger) / Cooper / Time to exhaustion at MAS / Conconi / Probst, and many others.

Possible training formats:

Cyclic / Bicyclic / Combined / Paced 3.6° Gacon / Constant pace / Progressive pace / Progressive stages / Progressive stages in blocks / Timer.

WEIGHT	LENGTH	WIDTH	HEIGHT
430 g	24 cm	11 cm	7.3 cm

RECYCLABLE

SportBeeper is the ideal tool for ensuring sequential and audible control of exercises, freeing the coach from tedious whistle blowing so they can focus exclusively on leading the session without losing sight of athletes in action. It is an intuitive, easy-to-use tool with long battery life (approximately 20 sessions of 2 hours).

YOGA

• CORK YOGA MAT

SPORTi

LENGTH	WIDTH	THICKNESS
183 cm	61 cm	5 mm

Perfect for yoga or Pilate practice. Mat with a foam side and a cork side. It also has an alignment mark to help you for your postures. Cork allows to have a more resistant mat, non-skid and antibacterial. Advantage: double-sided.

Reference: 044127 Unit

INDIVIDUAL MAT BAG

SPORTi

DIAMETER	LENGTH
23 cm	70 cm

Perfect to transport your mats. With a shoulder strap.

Reference: 044128 Unit

YOGA BALANCE BLOCK

SPORTi

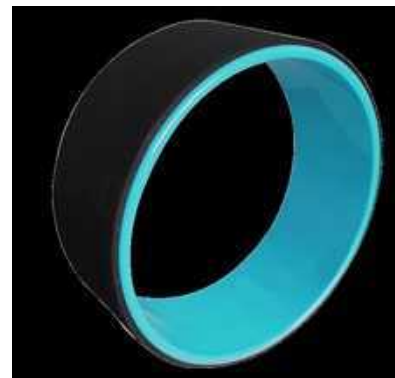

WEIGHT	LENGTH	WIDTH	HEIGHT
200 g	22.5 cm	15 cm	7.5 cm

Blue EVA foam block. Very useful to maintain your yoga alignment and posture.

Reference: 044118 Unit

YOGA WHEEL

SPORTi

DIAMETER	WIDTH
33 cm	13 cm

Ideal to safely stretch, strengthen, and tone your body. Non-skid foam coating for greater comfort and safety.

Reference: 044115 Unit

BELT

SPORTi

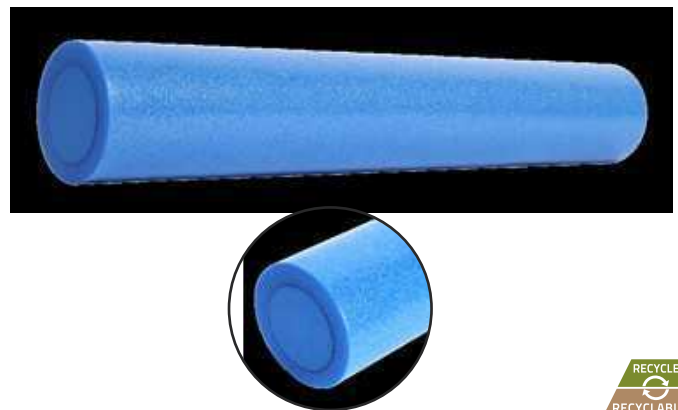

LENGTH	WIDTH
182 cm	3.8 cm

Ideal to perform difficult exercises during your yoga sessions. Black polyester and cotton belt.

Reference: 044116 Unit

90CM FOAM ROLLER

SPORTi

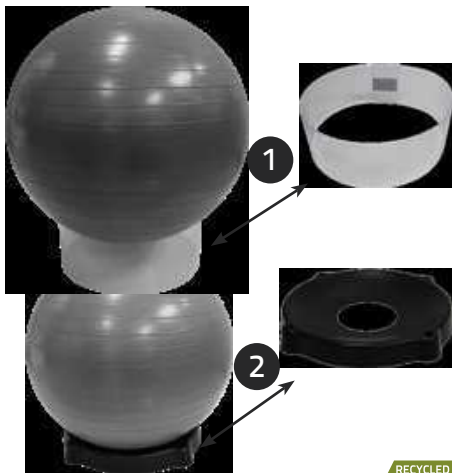

DIAMETER	LENGTH
15 cm	90 cm

Ideal for strengthening muscles, balance work and flexibility. In solid foam.

Reference: 044117 Unit

GYMBALL SUPPORT

- Reference: 044097 1. Transparent intermediate support
- Reference: 044096 2. Black Gymball support

GYMBALL

Practical advice:
The good size of the ball is equal to the distance from the ground to your knees.

Ideal for core strength and stability programs that target toning, stretching, back care, balance and rehabilitation. Durable, anti-burst construction (even in contact with a sharp object) - easy to use and easy to clean. Up to 300 kg. Supplied with 2 air stoppers and 1 remover. Individual packing. Diameter +/- 10%.

Reference: 044130	Ø: 55 cm.	900 gr	Light grey
Reference: 044131	Ø: 65 cm.	1100 gr	Turquoise
Reference: 044132	Ø: 75 cm.	1300 gr	Dark grey
Reference: 044114	1. Plug remover		

FITNESS ROLL

DIAMETER	WEIGHT	LENGTH
14 cm	630 g	33 cm

Massage roll in PE foam. Flexible relief structure allowing an optimal massage. Perfect to treat muscular aches and to improve blood circulation.

Reference: 044088 Unit

PILATE RING

Lightweight, flexible ring that provides resistance for your muscles. With two padded handles on either side.

Reference: 044086 Unit

"ELEPHANT SKIN" BALLS

Puncture-proof+

In polyurethane retractable foam, they are covered with an elastomere skin. This "puncture-proof" ball becomes distorted and reformed in a few seconds for multiple uses. Very flexible, resistant and washable.

KID PICKLEBALL RACKET

2026 NEW Available at the end of March 2026

+ Ultra spin technology

WEIGHT	175 gr	THICKNESS	10.5 mm
WIDTH	18.2 cm	HEIGHT	35.5 cm

Beginner fiberglass racket, very lightweight with excellent grip. Ideal for introducing pickleball to children up to 8 years old. Features **Ultra Spin** technology for smoother backhand/forehand transitions. A protective edge strip extends the racket's lifespan.

Reference: 013019

WOOD PICKLEBALL RACKET

+ Ultra spin technology

WEIGHT	330 gr	THICKNESS	10 mm
WIDTH	19.7 cm	HEIGHT	40.2 cm

This racket is fitted with a protective rim to protect against the scratches and ground impacts. This protection increases its lifespan and the handle has a PU grip allowing a good grip and greater playing comfort. This racket also features **Ultra Spin** technology making it easier to switch from backhand to forehand thanks to a perfect balance and an easier rotation. Wood material.

Reference: 013000

FIBREGLASS PICKLEBALL RACKET

+ Ultra spin technology

+ Technical buffer

WEIGHT	240 gr	THICKNESS	16 mm
WIDTH	19.8 cm	HEIGHT	40.4 cm

This racket is fitted with a protective rim to protect against the scratches and ground impacts. This protection increases its lifespan and the handle has a PU grip allowing a good grip and greater playing comfort. This racket also features below technologies: **Ultra Spin**: making it easier to switch from backhand to forehand thanks to a perfect balance and an easier rotation. **Technical Buffer**: allows to reduce vibrations to improve playing comfort and performances. Fiberglass material, polypropylene core.

Reference: 013001

CARBON PICKLEBALL RACKET

2026 NEW

+ Ultra spin technology

+ Technical buffer

WEIGHT	205 gr	THICKNESS	16 mm
WIDTH	19 cm	HEIGHT	41.5 cm

High-performance carbon fiber racket with polypropylene core designed to deliver maximum power. Features **Ultra Spin** technology for smoother backhand/forehand transitions and **Buffer Technique** to reduce vibrations. A protective edge strip extends the racket's lifespan.

KIN-BALL®* - AIM OF THE GAME

- Serve the KIN-BALL to one of the opposing teams so that they can't catch it before it touches the floor.
- The team who has the ball (during the service or the game) chooses one of the opposing teams (it should be the team who has the highest points) by calling her by her colour, then throws the ball toward a strategic location. When the team throws the ball, all players must be in contact with it.
- For the team who will catch the KIN-BALL, the aim of the game is to lift the ball before touching the floor and to throw it again to another team. If the players don't succeed to catch the KIN-BALL or if they make a mistake according to the rules of the game, one point is given to the two other teams.

* The KIN-BALL® brand is a third-party brand

• SKYFLOATER BALL

Valve protection system

DIAMETER 122 cm

RECYCLABLE

The Skyfloater ball has been developed for the practice of KIN-BALL®* sport. It can also be used for other cooperative games. Its durable, washable, double-stitched nylon cover ensures maximum durability of the ball, even after intensive use in a competitive environment. Under the cover, a large latex bladder gives the ball its spherical shape; it inflates and deflates quickly thanks to its wide opening. Delivered with a bladder.

Reference: 088027	Unit
-------------------	------

• COLOURED CAGE BALL

Valve protection system

2 sizes available: 85 cm and 120 cm

RECYCLABLE

Very light and resistant oversized ball, ideal for cooperative games. Its durable, washable, double-stitched nylon cover ensures the ball will last for a long time, even after intensive use. Under the cover, a large latex bladder gives the ball its spherical shape; it inflates and deflates quickly thanks to its large opening. Delivered with a bladder.

SCHOOL TRAFFIC LIGHTS

Base	
H.	11 cm
Ø	22 cm
Pole	
Ø	25 mm
L.	160 cm

Set made of a traffic light for vehicles and a pedestrian light. 9 automatic programs to simulate real traffic conditions. Possibility to light each symbol individually. Works with 6 AA batteries (not included). Remote control included. Available as a kit with a 160cm pole and a rigid fixing base.

Reference: 099351 Signaling system
 Reference: 099378 Set with 1 Pole + 1 base

These road signs are designed for an introduction to the highway code. They allow to do some circuits to make in skates, bike, scooter and so on. Models with supports are delivered with plastic poles and fillable bases. These circuits are easy to mount and dismantle therefore they can be modified very often.

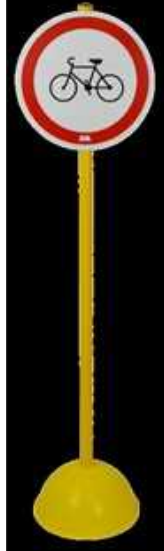

Road signs

Obligations	Dangers	Bans
<p>1 Turn-right</p>	<p>5 Right-hand curve</p>	<p>10 Overtaking</p>

TO DISCOVER

HOW TO CHOOSE A NET?

1. MATERIAL

POLYETHYLENE (PE)

- For outdoor / indoor use
- UV resistant material
- Nets mostly knotted for a better hold of the net

POLYPROPYLENE (PP)

- For outdoor / indoor use
- UV resistant material
- Nets more flexible, knotless

2. TWISTED OR BRAIDED

PE TWISTED TWINE

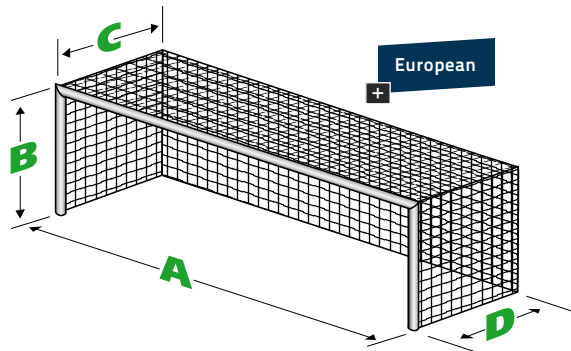

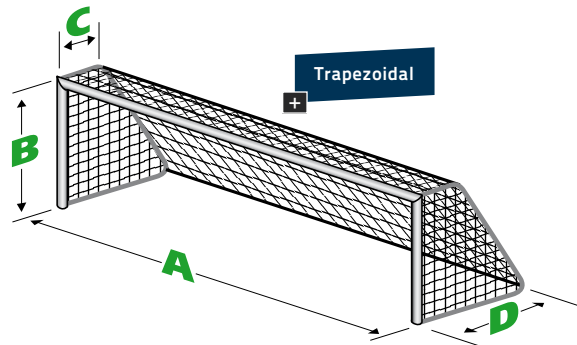

- For training and leisure
- The strands are «twisted» to compose the thread

PE BRAIDED TWINE

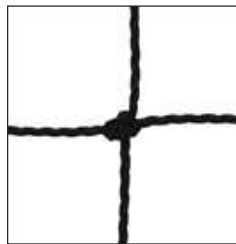

- For competition, intense uses
- The strands are «braided» to compose the thread
- Has greater flexibility than the twisted

3. SQUARE MESH SIMPLE OR DOUBLE

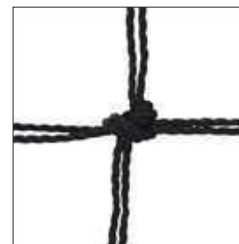

Double square mesh offers shock resistance higher than a simple square mesh.

SIMPLE MESH

DOUBLE MESH

ACCESSORIES:

25 M. STRAP ROLL / REF: 022008

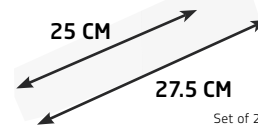

- To fix the net on the goals.
- Bobbin of 25 m. red

Unit:

SET OF 26 METAL PEGS / REF: 060146

- To fix the net on the field.

SANDOWS 10 MM Ø (SET OF 4)
REF: 022110

- With buckles.
- Length: 50cm.

Set of 4:

• HOOK FOR STEEL GOAL (WITH SCREW)

Hook very resistant. For steel goal with screw.

Reference: 060042 Unit

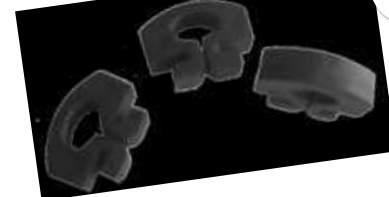

• HOOK FOR ALU GOAL

Hook very resistant. For aluminium goal.

Reference: 060043 Unit

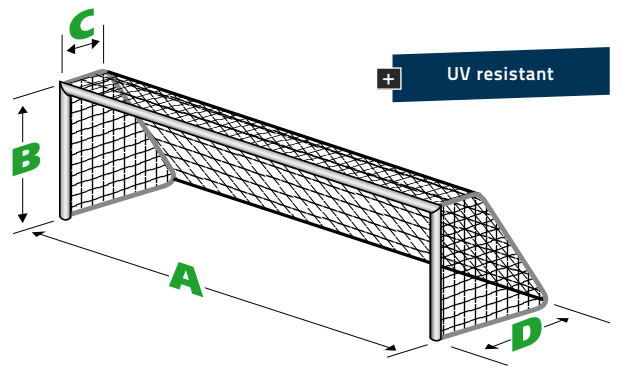

• HOOK FOR ALU GOAL

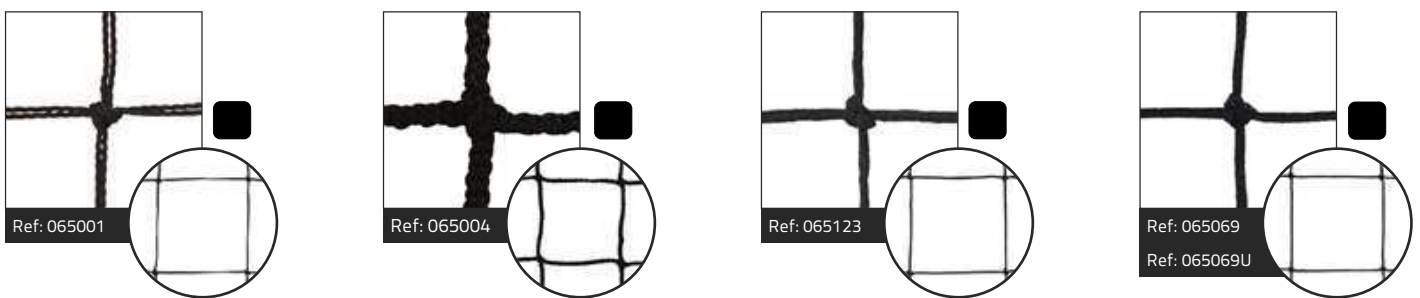

Plastic hook for alu goal with a runner. Sold by the unit. Width: 3 cm. Height: 2 cm. Thickness: 0.91 cm.

Reference: 060041 Unit
